

FX01 Portable Air Purifier

14W High Power

Designed for Efficient Air Purification

FixAir FX 01 is engineered to provide powerful air purification while maintaining low energy consumption. Its 14W power output ensures optimal performance in spaces up to 215 square feet, keeping air circulation efficient and consistent throughout your home or office.

Aromatherapy Function

Enhance Your Space with Essential Oils

The integrated diffuser allows users to add essential oils, creating a fresh and relaxing atmosphere while purifying the air.

Smart Timer

Adjustable Settings for Convenience

The built-in timer function allows users to set the purification duration for 2H, 4H, 6H, or 8H, optimizing energy consumption while maintaining fresh air circulation.

Advanced HEPA Filtration

High-Efficiency Air Cleaning System

3-in-1 HEPA filter system, combining high-efficiency particulate air filtration with activated carbon technology. This system is capable of capturing 99.97% of airborne par-

Quiet Sleep Mode

Designed for Nighttime Use

With noise levels as low as 25 dB, FixAir FX 01 is perfect for bedrooms, ensuring undisturbed sleep while continuously purifying the air.

Certifications

Trusted and Approved

FixAir FX 01 meets international standards for safety and air quality. It is certified by CE, CARB, FCC, and EPA, ensuring reliability and effectiveness in purifying indoor air.

Product Parameters

Product Name	Portable Air Purifier
Model No	FX01
Color:	White
Total Rated Power	14W
Dimensions	6.3" (depth) x 6.3" (width) x 10.2" (height)
Weight	1.27kg
Coverage	0-20m ³
Antibacterial Rate	90% - 100%
Filter Type:	3-in-1 HEPA filter (includes activated carbon filter)
Noise Level	Sleep mode at 25 dB
Power Source:	AC
Control Method:	Touch
Certifications:	CE, CARB, FCC, EPA
